

VILLAGE OF NEW PALTZ

Hudson Valley Community Power

Dear Village of New Paltz Resident,

May 19th 2021

The Village of New Paltz is pleased to announce the renewal of Hudson Valley Community Power, a Community Choice Aggregation (CCA) program¹ that allows us to pool local electricity demand with other Hudson Valley municipalities to provide low cost, **fixed-rate renewable electricity supply**. Each participating community has selected Joule Community Power² as Program Administrator. Joule works on behalf of the municipalities to secure clean energy supply at the most favorable terms and ensures there are **no contract or exit fees** for consumers.

Supply Options

There are two fixed-rate electricity supply options under our program: **(1) 100% Renewable** and **(2) Standard**. You may choose between these supply options or opt-out of the program. The Village of New Paltz has chosen the 100% Renewable Option as the default. **You will automatically be enrolled in the 100% Renewable Option unless you choose the Standard Option or opt-out of the program.**

Join the Hudson Valley Community Power team at an information session and Q&A to learn more about the Program.
