## Hudson Valley Community Power

Dear Town of Red Hook Resident,

May 19<sup>th</sup> 2021

The Town of Red Hook is pleased to announce the renewal of Hudson Valley Community Power, a Community Choice Aggregation (CCA) program<sup>1</sup> that allows us to pool local electricity demand with other Hudson Valley municipalities to provide low cost, **fixed-rate renewable electricity supply**. Each participating community has selected Joule Community Power<sup>2</sup> as Program Administrator. Joule works on behalf of the municipalities to secure clean energy supply at the most favorable terms and ensures there are **no contract or exit fees** for consumers.

### 100% Renewable Electricity

The Town of Red Hook has chosen 100% Renewable default electricity supply. Your electricity supply is matched by Renewable Energy Certificates (RECs) provided by New York State renewable power plants (hydropower, wind, solar). **You will automatically be enrolled in the 100% Renewable Option unless you choose to opt-out of the program.**

**Join the Hudson Valley Community Power team at an information session and Q&A to learn more about the Program.**
